

Our key priorities for learning this week:

- **Maths-** to find prime numbers
- **English-** to write a new finding tale and to identify and use features of a newspaper report
Challenge- to include direct and reported speech
- **Reading-** to complete at least one Accelerated Reader quiz before the end of May

English-please complete everyday

Writing: Work through the daily English session from the Year 5 folder.

Reading: Read with an adult each day and have them sign your reading record.

Complete the daily task from the Year 5 folder.

Words of the week:

compassionate, remarkable, onyx, acquire, advise

Explore these words using the school template.

Maths-please complete everyday

Complete either one of the activities in the folder on the website **or**

one lesson and task from My Maths online.

If you would like to practise all four of the operations, please see our Mini Maths daily warm up.

PE

Ensure you exercise for at least 30 minutes a day. Enjoy being active and remember to drink lots of water to stay hydrated in this lovely weather.

Choose at least one activity per day from the list below:

Science

Some changes result in the formation of new materials. They are not usually reversible. Explore the action of acid (vinegar) on bicarbonate of (baking) soda. First, watch [this link*](#). Next, ask a question and conduct your own experiment based on this demonstration.

French

Can you find some interesting French cuisine?

Have a go at making one of the dishes you find. *Can you name the dish in French?*

Can you name some of the ingredients in French?

[Use this link to help**.](#)

PSHE

You are all **amazing** people.

To celebrate this, we would like you to draw an outline of an object that represents you (an animal/ console/sport) and fill it with the amazing things you do.

What are you awesome at?

What makes you smile?

How do you treat others?

What are you proud of?

Art

Follow this link to the [Oak National Academy***](#).

Lesson 1 is called Texture Treasure Hunt. Mrs Cara will show you how to create a frottage patchwork of textured objects which you find around your home. All you need is a pencil and a piece of paper.

We look forward to seeing your art and reading your reflections.

History

The ancient Maya people developed a complex, thriving civilisation which began over 2000 years ago! Today, the area the Maya used to live in spreads over 5 countries in Central America. Use the map in our Y5 folder to identify these countries and 9 ancient Maya cities.

Computing

The technology we now have access to is incredible!

We can create 3D images on a computer and even print them out!

Explore the website [Tinkercad****](#)

Follow the tutorial to get you started.

Your nickname is the number 5 followed by your first and last initial: for example, 5ac.
