Take an Accelerated Reader test!

Think about the journeys you have been on as a reader. On the pages of books, what characters have you met? Which places have you visited? How many reading adventures have you been on since the school closure?

Books are a uniquely portable magic - Stephen King.

Log on to Accelerated Reader and quiz on any books you have read but not yet answered questions on. It may be a book you have read with a sibling or an adult.

What will be your final Year 5 word count? 😊
