### **RE Lesson**

Today's RE lesson is all about the coming of Spring and new beginnings.

When you are out on your next walk or in your garden, please spend some time looking at nature and how things are changing/ developing/growing. You may notice some buds on trees, or daffodils growing.

You could make a short video showing signs of spring, or take some photos to upload to Tapestry. You may want to draw some pictures and write a sentence about what you have discovered.

At the bottom of my garden, I noticed this. Can anyone tell me what it is?  
Upload your answer to Tapestry please.

Year 1 Children: Take a look on the year 1 page for your RE activity.

Thank you so much for all your continued support and hard work.  
Remember to please get in contact with us if you have anything you need to  
discuss.
