

Thursday 4th March

Mr Dyer's Assembly

Maths: To round up our work on fractions you can have some fun today with the following! (make sure you actually let your children have a go too!!)

- **Fraction matcher game** Select 'fractions' (not 'mixed numbers' and start with Level 1. Children have to select equivalent fractions/images and place on each of the 2 plates. Click 'check' then 'ok' to continue until all the fractions have gone!

https://phet.colorado.edu/sims/html/fraction-matcher/latest/fraction-matcher_en.html

- **Fraction Fling** I found this quite addictive!! ... and frustrating - but our gaming-pro youngsters will probably be whizz's at it! Click on game type '1/3' (not '1-1/3') Then look at the image at the top of the screen and shoot your catapult to pop the floating bubble showing the equivalent fraction!!
