NHS Thank you cards - (activity if you would like to take part)

Mr Dyer received this letter:

I am helping the 'Thank you Exeter NHS' appeal by collecting in the Exmouth area. We are giving our Exeter NHS workers thank you gift bags containing items such as lip balms, bubble baths and hand/face creams and other toiletries plus chocolate/snacks (vegan friendly too) and thank you cards from local children. We know the NHS are under extreme pressure, and we hope these little gifts will provide a pick-me-up at this challenging time. We are giving these gifts to as many Exeter NHS staff as we can - depending on how successful the appeal is. This includes the RD&E and other hospitals plus community support teams. We have already delivered 450 bags so far. I am writing to all local schools in Exmouth for a request of handmade drawings with a little thank you note (postcard size) that we can put in gift bags. If you as a school would consider asking your pupils to take part in compiling drawings/letters for us, I would very much appreciate it. Pupil name, age and school can be included if you wish.

I can either collect from the school, or my address is 52 Hawthorn Grove, EX84HD where these could be delivered too. All the details are on our main Facebook page here

We would like to say a really huge thank you to all our amazing Year 2's for working so hard this half term. We know it's been a tough time, but you have risen to the challenge brilliantly and done so well we are soooooo proud of you!

Again, our thanks go to all you parents and carers who have worked brilliantly to support your children with their learning - it is greatly appreciated. Please have a really good break this week, rest, recharge and spend special time together with your fantastic children!

Take care and see you again after half term
Love from Mrs G and Miss A!

I'm taking a well-deserved break from the exhausting job of being fabulous.

I AM NOT AN
EARLY BIRD OR A
NIGHT OWL.
I AM SOME FORM
OF PERMANENTLY
EXHAUSTED
PIGEON.

Have a great
half term!
