

Year 2 Home Learning Week 3 : 18-22.01.21

Friday 22nd Jan You've nearly made it through another week - well done guys!! You and your children are all super stars!!

Maths:

To end the week I found this on BBC Live. It links with our equal grouping and multiplication work so far this week but is also fun for the children!

On the website you will find the question sheets to accompany the session so when they ask you to pause there are sections for the children to complete. As always no need to print them you can just record answers on paper/in a book.

<https://www.bbc.co.uk/teach/live-lessons/numeracy-ks1-lesson-4/zxd7dp3>

For something extra you can check out My Maths for the 2 multiplication-based tasks set.

English/PSHE:
