

### Thursday's Extension Challenge

- 1) Around your home, find different objects that show the volume of the substance inside. Create a list and draw a picture of the item along with its volume. Can you order the measurements from smallest to largest?

Robinsons fruit juice - 1 Litre

- 2) Create a poster to clearly show your understanding of the words **Capacity** and **Volume**. We would love to see how you explain the difference between the two words.
