

Year 3
Friday 28.1.22

Good morning!

Sorry you can't be in school with us today. Here are your learning tasks for today.

Science

We are looking more closely at rocks. If you have an outdoor space, have a look around for some rocks and try sorting them in to groups based on their properties. Follow this link to find out more about the different types of rocks we started to look at last week. [How can we identify different types of rock? \(thenational.academy\)](https://thenational.academy)

English

We are focusing on traditional tales. Can you re-tell the story of Little Red Riding Hood? You could act this out, sequence the pictures or draw your own! Have a go at summarising each part of the story and write a sentence to explain what is happening. See the pictures in our folder.

Number facts

Use TTRS for 15 minutes to improve your tables knowledge. If you can't get onto TTRS, you could play throw and catch calling out your two times tables.

Maths

We are looking at the adjusting method to add three digit numbers, moving on from partitioning. Please focus on Method C and D.

Method C, we adjust by adding one to round the number up. We then must remember to take this off our final answer.

Method D, we can adjust the number by partitioning. We move 1 one from the number on the left and place it with the number on the right to make the number easier to work with.

sSort these questions to show with method you would use to solve them. # solve three questions.

Method B

$$\begin{aligned} 35 + 49 &= 30 + 40 + 5 + 9 \\ &= 70 + 14 \\ &= 84 \end{aligned}$$

Method C

Method D

$$35 + 49 = 34 + 50 = 84$$

$35 + 49 = 34 + 50 = 84$

$256 + 199 =$ $127 + 298 =$

$543 + 290 =$

$340 + 290 =$

$308 + 499 =$

Reading

Spend 20 minutes snuggled up enjoying your reading book.

Please send all completed work via email to:

3r@brixington.devon.sch.uk or 3w@brixington.devon.sch.uk

If you have any problems, please drop us a dojo message and we will get back to you as soon as possible.

The year 3 team.
