LO: To Multiply using the area model

This link will show you how it is done - <https://www.bbc.co.uk/bitesize/articles/zrwfvk7>

Next, have a go at these question. #Have a go at the game online too. Follow the link above.

1. What is 43×31 ? Circle the correct answer.

	40	3
30		
1		

1,663

1,333

2,193

2. Lucy and Elijah have both worked out the calculation 62×24 using the area model.

I think the answer is 1,488.

I think the answer is 1,848.

	60	2
20		
4		

Complete the model to find out who is correct.

3. Complete the area models to make the comparison symbol correct.
