

Monday 8th June

1	$34 \div 10 =$ 	<input data-bbox="1289 618 1353 685" type="checkbox"/> 1 mark
---	--	--

2	$4,456 - 3,137 =$ 	<input data-bbox="1289 1167 1353 1234" type="checkbox"/> 1 mark
---	--	--

3	$6 + 6 + 8 =$	<input type="text"/> 1 mark		

4	$7 \times 37 =$	<input type="text"/> 1 mark		

Answer Sheet

Remember, (M) is written next to those questions you should have tried to solve mentally first. (W) means a written method is usually more efficient for this question.

- $34 \div 10 = 3.4$ (M)
- $4,456 - 3,137 = 1,319$ (W)
- $6 + 6 + 8 = 20$ (M)
- $7 \times 37 = 259$ (W)
