

Evaluating the finished product

Design criteria: Create a balanced meal for a child to eat on a hot day.	How well did you meet the criteria?
<u>A balanced meal</u> What made you meal balanced?	
<u>Suitable for a child</u> How is your meal child friendly?	
<u>Consumption on a hot day</u> How is your meal suitable for a hot day?	

Making

What skills did you use when you made your meal?	
Did you make changes to your design? If so why?	
Next time, what would you change to make your design even better?	

Ask someone else what they think about your meal.

Ask them: What do you like about the meal?
 What makes this a balanced meal?
 Would you enjoy this meal on a hot day?
