Assembly - <https://www.brixington.devon.sch.uk/assemblies-and-whole-school-challenges/>

Class Zoom at 1:30 today

Maths lesson (45 minutes)

Before you being the maths Loom, practise your times tables or number bonds.

Please follow the loom link for today's maths lesson. Please note today's lesson is a key skills lesson so there will not be reasoning and problem solving at the end. This is a key skill that the children really need to know inside out, back to front (confidently) ready for Friday's lesson. Feel free to have a go at any challenges on the school website after the lesson.

English (45 minutes)

Make sure you take a note of the conjunctions used in the session today, ready for your work tomorrow.

Have a go at our conjunctions game. Can you find all the conjunctions and beat Mrs Rickword's score?

Spelling (15 minutes)

Use this game to practise your homophones. Thank you for having your best go at the homophones Microsoft form earlier this week. Homophones are tricky to remember!

[Small Town Superheroes \(bbc.co.uk\)](http://smalltownsuperheroes.bbc.co.uk)

Explore Steve's homophones using this BBC Bitesize game.

History (40 minutes)

What do fossils tell us about the past? Do some research and make an information poster about what fossils tell us. Is this how we know about the prehistoric period? Remember there were no humans during this time so how do we know dinosaurs were even a thing?

Then when you have finished your poster

1. If you haven't done so already, answer the reading comprehension about fossils
2. Match the dinosaur with its skeleton

Reading (20 minutes)
