

## Computing 23.2.21

LO: To follow an algorithm

I know what an algorithm is

I know what code is

**First**, Watch these two BBC clips about coding and algorithms.

[What is an algorithm? - KS1 Computing - BBC Bitesize](#)

[What is coding? - KS1 Computing - BBC Bitesize](#)

**Next**, find an algorithm (a set of instructions) and have a go at following it. Some ideas you could look for include cooking/baking, Lego, your parents giving you instructions to do something, playing a game etc...

**Then**, create a poster to explain what an algorithm is. # Include the word code in your poster and explain what it also means.
