

You do not need to print this page. Copy out the diagrams then try your best to draw each shape in the correct location or write the name of the shape.

# Identifying Properties of Shapes

## Learning Objective:

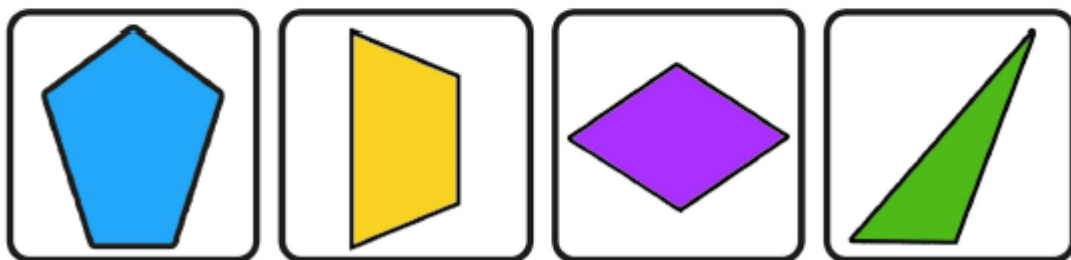

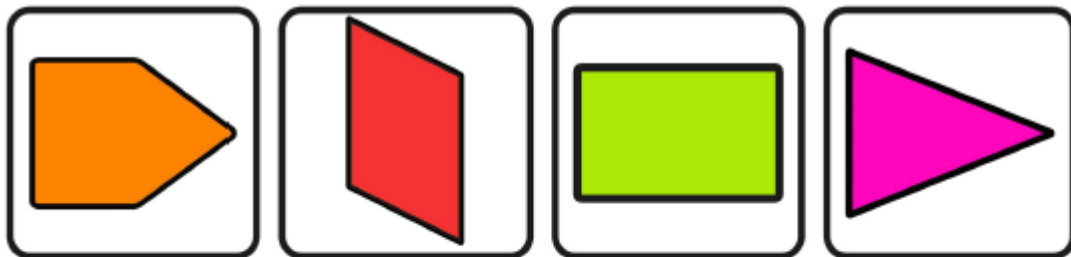

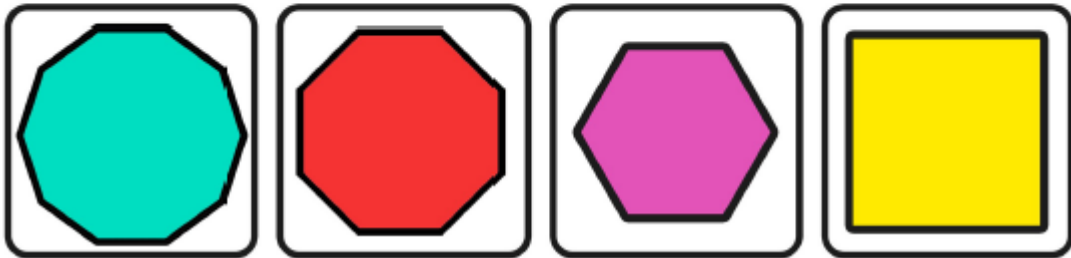

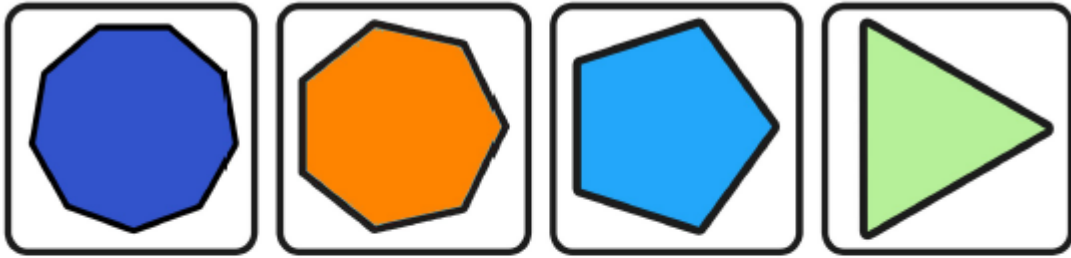

I can identify the properties of regular and irregular shapes.

Children may draw their own Venn diagrams or Carroll diagrams to record their learning. Lower ability may use the blank Venn diagrams or Carroll diagrams provided in this resource.

# Use the headings below to create your own labelled diagrams.

You do not need to print this page. Copy out the diagrams then try your best to draw each shape in the correct location or write the name of the shape.
