

Tuesday 7th July 2020 - Day 6

LO: I can write a story about a mythical creature (the solution)

Today, we will complete our story about how a mythical creature became a creature alive today.

Task

1. Find the plan you created on Thursday. You will need this in front of you. →
2. We will use the Unicorn story to help us. Read 'the solution' section below:

Story Ark
 Draw pictures or write notes in the Ark to plan your ideas for the story.

Setting	Character	Problem	Solution	Resolution
The creature lived in... describe where the character lived	Describe what the your creature did, describe its skill	There was a huge event (describe a flood, a fire, a tornado, an attack, a plague of carnivorous ants...)	The mythical creature turned into another creature... How did the creature escape?	Describe what the creature does now

Resource 3h

Abandoned, the unicorns swam and swam for hours, for days and for weeks. At long last, the rain stopped and the skies cleared above them. Yet, still there was no land in sight. Hoping to find land, they swam on and on but they never did. The unicorns swam for so many years that, in the end, they didn't need their legs any more. Very slowly, they turned themselves into whales. This way they could swim more easily. Like divers, they could descend to the bottom of the sea to feed on whatever they wanted and, of course, whenever they wished they could come up for air again.

In all this time, they never lost their magical powers and they never lost their horns, either. When they rose to the surface, their long, spiral horns glinted in the sun - just like they had done for years before. This is why, to this day, there really are whales in the sea with unicorns' horns. We call them narwhales.

3. Can you match the remaining ISPACE openers in your book?

Abandoned,
At long last,
Hoping to find land,
Very slowly,
Like divers,
As they rose to the surface,

I - ing verb
S - simile
P - preposition (time, place or manner)
A - adverb (often -ly ending)
C - conjunction
E - ed adjective

4. Write the second half of your story. Use the model text to help you. Try to include one example of each ISPACE opener. Tick them off as you use them! 😊

#Challenge Design a book cover for your story 'I Believe in...' Choose an eye-catching illustration but remember not to reveal the whole plot...
