

# Pirates I

The **Contents Page** is found towards the front of the book. It tells us what chapters are in the book, together with the page numbers they are on.

Both the Contents Page and Index help us to find information fast when researching a topic.

The **Index** is found at the back of the book. It lists specific information located in the book in alphabetical order, and tells us on which page to find it.

These pages are from a reference book about pirates.
