

In PSHE
(Personal,
Social and
Health
Education) we
always follow
these rules...

Open my mind

On your strip of paper write down what you would buy if you won the lottery.

Go through
your list and
cross out the
things you
don't need

What is left
on your list?

What is the
difference
between needs
and wants?

What do we *need* in order to learn?

Let's learn...

Self-actualisation:
Personal fulfilment
Developing talents
Gaining recognition and respect

Self-esteem:
Self-respect
Self-confidence

Love & Belonging:
Friendship/companionship
Group identity Being understood
Caring

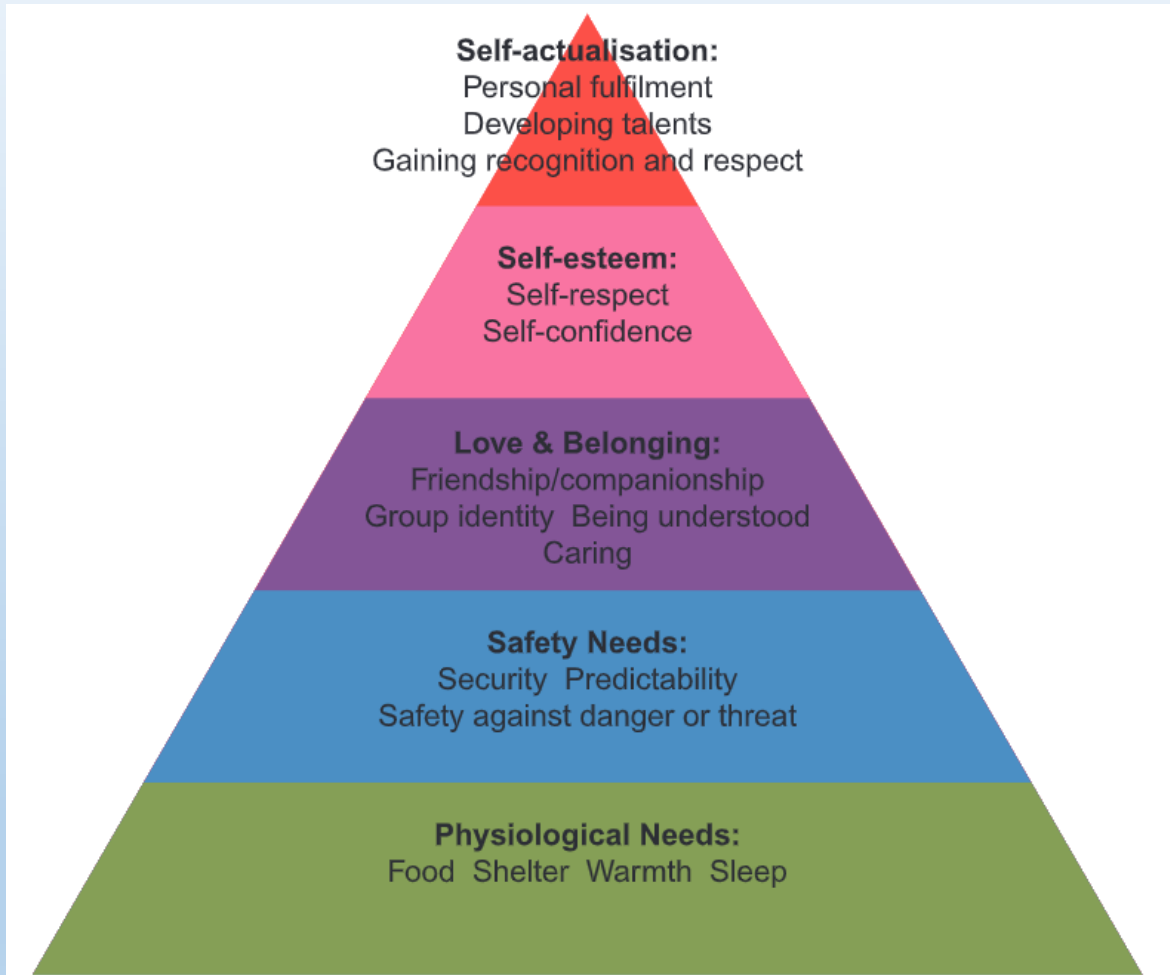

Safety Needs:
Security Predictability
Safety against danger or threat

Physiological Needs:
Food Shelter Warmth Sleep

*This is Maslow's
Hierarchy of
human need*

Which of these needs must
be met for learning to take
place?

Let's learn...

Highlight the needs you think are met for you and annotate with how they are met.

In a different colour, highlight the needs that are not yet met for you .

How might your unmet needs affect your ability to learn?

Let's learn...

Wans story

<https://www.bbc.co.uk/programmes/p00xq4kt>

<https://www.bbc.co.uk/bitesize/clips/z8qr87h>

Which needs are being unmet for these boys?

Let's reflect...

Compare your own Maslow's triangle with those of Wan and Jamie.

Write 3 ways you have more opportunity to learn than the boys in the clips.
