Ext: White Rose Mastery

- Abdul says "If I add any two 4 digit numbers together it will make a 5 digit number."
Do you agree? Explain why.
- Here is a bar model.

$631,255$	

Select two 6-digit numbers to complete the model.
How did you select your numbers?
- Three numbers are marked on a number line.

The difference between A and B is 28
The difference between A and C is 19
D is 10 less than C
What is the value of D?
How do you know?
