

15.7.21
Thursday

We're sorry you can't be with us today. Below are some activities, similar to some of learning we will be doing, for you to complete. If you have any questions, please either email the class email, the admin email or send a message via Dojo.

History

[History KS2: Discovering Stone Age tools made of flint - BBC Teach](#)

Create a stone age/Iron age tool and send us in pictures! This could be from junk or things you find outside.

Maths

Check out the two documents in our file. Both are linked to the stone age. Have a go at completing them and break the code.

Task 1 questions – to go with the display sheet.

Stone Age Counting

These drawings were found in La Pileta cave in Spain and could be up to 25000 years old.

What do you think these drawings represent?

Could they be about counting things?

What might 'stone-age' people count?

Might they be the earliest known number patterns?

You could try and make up your own way of recording counting.

Task 2 –in our year 3 home learning folder.

Reading

Find a nice, quiet space and enjoy reading for pleasure. Quiz on your reading book if you need to.

English

Today we are creating our own stories and writing them out using images, just as they would have in the stone age. Create your own story and draw it out using images of people and animals. Then, retell yours tory to someone else.

Music

[Learning Music - Wind, String, Percussion Instruments for Kids - YouTube](#)

Learn about different types of instruments. Make your own instrument using found things then create a beat. Get more of your family involved and create a little song!

Please send all completed work via email to:

3b@brixington.devon.sch.uk or

3r@brixington.devon.sch.uk

The Year 3 team.
