

Year 1 - 26.2.21

Sorry you can't be in class with us today. Below are some activities linked to the learning we will be doing in school.

If you have any questions, or want to share some of your work, please send a dojo message or email me, using the class email.

Maths - Reasoning and Problem Solving

See Math's Activity - The Mystery on planet Zoog - Help! Can you help Blub and Zug find out where Blub's spacesuit is by solving the different maths problems.

English - Traditional Tales

Please watch the video linked below, and complete the activity explained in the video:

<https://www.loom.com/share/e9203ab606fd4d698f2cf241fe5c0a8a>

Phonics - Today there is no live phonics session. We are embracing no screen Friday, therefore it would be great to pick up a book and spend some time reading.

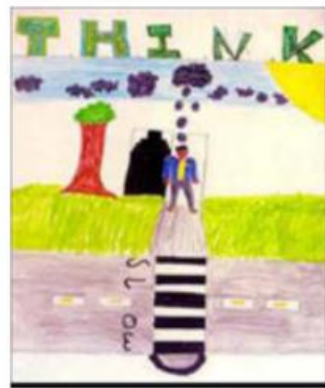

Celebration Assembly -

Friday's celebration assembly will be earlier on in the day to embrace the "no screens" afternoon. Please look out for a MyEd message with details of how to access our assembly.

Additional Task - Before the Half Term break, the children in school completed the same field work task that you did at home, by making a tally of how many vehicles travelled past our school. We were amazed by how many vehicles came past but

also shocked by the speed that some cars were travelling! This made us wonder what we could do to get drivers to slow down. We decided that we could display some posters on our school gates and in the windows of local shops to remind drivers to slow down, so we need your help! Could you please design a poster that would encourage local residents to slow down on Brixington Lane.

Here are some ideas:

This can be completed over the next two weeks. Please keep your poster safe and bring it into school when we return.

Happy Designing!
