

22.2.21

LO: Add and subtract multiples of 10

$10+10= \square$

$50+10= \square$

$80+10= \square$

$60+10= \square$

$90+10= \square$

$40+10= \square$

$50-10= \square$

$70-10= \square$

$40-10= \square$

$60-10= \square$

$20-10= \square$

$100-10= \square$

$\square +10=20$

$\square +10=100$

$\square +10=60$

$\square -10=70$

$\square -10=30$

$\square -10=50$

$70=60+\square$

$70=\square +10$

$70=\square -10$

$90=\square -10$

### 100 Square

1	2	3	4	5	6	7	8	9	10
