Maths - Reasoning and Problem Solving

This week we are using what we know to think deeper, and problem solve. We need to be able to explain HOW and WHY we know something.

Please watch the video linked below, and complete the activity explained in the video:

Tricky Word Trucks (Phase 5a)

Picnic on Pluto (Phase 5a looking at the "oe" sound)

Outdoors PE - This half term we are continuing our skills whilst participating in team games. We are focussing on being able to kick a stationary ball whilst keeping control of our body.

*Today, see if you can set up a smaller goal in your garden, or at the beach, or at the park, and see how many times you can kick the ball, **from standing**, into the goal. Don't take a run up today, we will get to that part in a few weeks' time! Today should be trickier because you are making the target smaller. We would love to see a video of how you got on!*
