

9.2.21

If you would like more of a challenge, see if you can work out the answers to these word problems. Grown-ups may need to help when reading them.

<p>Each piece of fruit costs ten pence. If I spent sixty pence, how many pieces of fruit did I buy?</p>	
<p>How many children are needed to show seventy fingers?</p>	
<p>Eggs are packed in boxes of ten. How many boxes do I need to have twenty eggs altogether?</p>
