

# Year 3 News

Friday 3<sup>rd</sup> February 2023

This week the children have enjoyed delving deeper into their geography topic by looking at physical and human features along the Jurassic Coast. They have shown great resilience in design technology and were brilliant mathematicians working hard using the partitioning and finding the difference methods in subtraction.

Thank you for your continued support.

Miss Hayman and Miss Jackson

## HOME LEARNING

**Reading** – Children should aim to read for 15-20 daily. This may be reading to an adult or independent reading. Please record reading in the green reading record.

**Spelling** – This week we have been investigating the different spellings for the 'oo' sound. Your spellings this week are: book, pull, pudding, could, should and cooking.

**Maths** – Activities will be set on MyMaths each week to follow up in class learning or revisit key skills. Children should spend no longer than 30 minutes per week on these tasks. This week, there are tasks based on recapping addition and subtraction using bar models.

**Times tables** – Times tables are key to so many areas of maths so we would like the children to try to spend a little bit of time practising regularly – every day if possible! This could be 5 minutes on Ttrockstars, quick-fire questions, games such as tables bingo, or any other way you can think of to practise! Children can log on at <http://play.ttrockstars.com> Times Table of the week this week are: 2x, 5x, 10x and 3x. We have set up a 'Battle of the Bands' competition between 3H and 3J to repeat each week. Keep playing each day to score points for your class!

## WORD OF THE DAY

Custody

Shudder

Glimpse

Scowled

Vividly

## NOTICES

Please ensure that your child's name is on every piece of uniform, including coats.
