

Year 3 News

Friday 14th October 2022

This week the children have been working hard on creating their own art pieces in the style of Luigi Russolo, looking at multiple ways to represent numbers and calculations involving partitioning. In English and spelling lessons, they have worked on homophones, rules for the past tense and using commas in a list effectively.

Thank you for your continued support.

HOME LEARNING

Reading – Children should aim to read at home for 15-20mins daily. This may be reading to an adult or independent reading. Please record reading in the green reading record.

Maths – Activities are set on MyMaths each week to follow up in class learning or revisit key skills. Children should spend no more than 30mins per week on these tasks. This week, there is a task on adding using number lines to help children recap KS1 knowledge in order to easily apply it to 3-digit calculations that we have been looking at this week. Also, please practise writing the names of these numbers and see if children can combine hundreds, tens and ones to make 3-digit numbers between 100-199, (see numbers support sheet on page 2).

Times tables – Times tables are key to so many areas of maths so we would like children to try to spend a little bit of time practising regularly - every day if possible! This could be 5 minutes on TTrackstars, quickfire questions, games such as tables bingo, or any other way you can think of to practise! Children can log on at <https://play.ttrackstars.com>. Times tables of the week are 2x, 10x and 5x.
