

Year 3 News

Friday 7th October 2022

This week the children have been working on compositions and calculations to 100, creating exciting story maps to help them retell narratives, using grammatical features to expand their writing skills and much, much more!

It was wonderful to meet all of you during parents' evening to share all of the progress the children have made this half term.

Thank you for your continued support.
Miss Hayman and Miss Jackson

HOME LEARNING

Reading – Children should aim to read at home for 15-20mins daily. This may be reading to an adult or independent reading. Please record reading in the green reading record.

Maths – Activities will be set on MyMaths each week to follow up in class learning or revisit key skills. Children should spend no more than 30mins per week on these tasks. This week, there is a task on hundreds, tens and ones.

Children can use visuals such as the one below to assist them with place value.

Times tables – Times tables are key to so many areas of maths so we would like children to try to spend a little bit of time practising regularly - every day if possible! This could be 5 mins on TTRockstars, quickfire questions, games such as tables bingo, or any other way you can think of to practise! Children can log on at <https://play.ttrockstars.com>.

SUBJECT SPECIFIC VOCABULARY

Science: invertebrate, vertebrate, ligament and tendon.

Maths: partition, hundreds, tens and ones.

English: adverbs of time, adverbs of manner, and suffix.

WORD OF THE DAY

Beseeking

Solemn

Regained

Unmercifully

Uplifted.

NOTICES

Please ensure that all belongings (including PE bags) are clearly labelled.
