

Year 6 News

Friday 9th December 2022

What a week!! We have been identifying missing numbers on number lines and rounding 7-digit numbers in maths, collecting lots of vocabulary and ideas for a Winter poem which we are writing next week, using evidence to find out what it was like to be in a Victorian workhouse, watching KS1's nativity (which was wonderful) and made everyone feel very Christmassy at the KS2 carol service!

HOME LEARNING- there will be a homework club on **Wednesday** lunchtime for anyone who has struggled with the tasks or those who haven't completed the work set.

Reading –Children should read at home for 20-30 mins daily. This may be reading to an adult or independent reading. The children in Y6 have already read **6.6 million** words!

Maths – A lot of Y6 maths is hugely reliant on children recalling their multiplication tables quickly. We are encouraging Y6 to play <https://play.trockstars.com> daily. Next week, there is a Battle between 6B and 6P where each child can add to their class score. There is a 30 minute timescale per day for adding to the total.

We have also sent home some key maths facts that your children need to know. Please support them with learning these before we start the Spring term.

Spellings from this half term – **language leisure lightning**

(these are from the year 5/6 spelling list) It is really important that the children try and learn these words. We will focus on them in school too!

Please have a wonderful Christmas break. We won't be sending homework next week but it is VERY important that children know the facts on the maths sheet we have given them. Knowing these will make next term much easier for them.
