

Year 3 News

Friday 16th July 2021

What an amazing week!

We are so incredibly proud of all of the year 3 children this week. They behaved impeccably at Woodbury Common and enjoyed exploring maps to avoid different animals!

Thank you so much to each and every family for their efforts with our Stone Age/Iron Age costumes. We had a fantastic day in our outdoor environment exploring different activities.

Enjoy the sunshine this weekend everyone!

Thank you for your continued support.

The year 3 team

HOME LEARNING (for the final week in Year 3)

Reading – Children should aim to read at home for 15-20mins daily. During one of your reading sessions at home this week, let the children pick out new words or words they don't know and find their meanings in a dictionary. Keep on quizzing!

Maths – Please have a go at the shapes work on MyMaths.

Times tables – Please practice everything you've learnt in year 3 for times tables (3, 4 and 8s). There are tournaments for 3B and 3R – keep going everyone 😊

Use <https://play.ttrockstars.com> to practice your speed.

Where possible we would love children to use the website and challenge themselves to improve their speed. Don't also forget about the 99 club 😊

Optional Extras – There is no requirement to complete these tasks, they are entirely optional. Create a diary entry for your favourite things you've learnt in year 3. What has been your highlight of the year. We would love to share some of these next week in class.

Please do not send in any paperwork- photos can be taken and sent in via DOJO or class email: 3b@brixington.devon.sch.uk 3r@brixington.devon.sch.uk

SUBJECT SPECIFIC VOCABULARY

These words will come up in our learning this week. Please have a conversation at home about these words.

As it is the last week of term ask your children if they can remember what these key words meant:

Decade, AD, BC, chronology

Right angle, obtuse, acute

Spellings

The children should know these words inside-out, upside-down and back to front, in context!

arrive, decide, describe

NOTICES

We would just like to take the time to thank each and every one of you for the support you've shown in yet another very turbulent year. Your children are a credit to you all and have just taken it in their stride.

We wish the children all the luck in the world as they move to year 4 and we can't wait to continue seeing them around the school.

Optional Extra maths challenge:

Maths Investigation

If the answer is 256, what could the equation be?

For example: $257-1=256$.

What are the most complicated equations you can come up with?
