Growing...

The children in year 3 have now replanted their seeds. Fingers are crossed we begin to see some shoots next week.

In our maths, we have finished our unit focused on column method. We will continue to practice this skill in small bursts. Our next unit focuses on developing our multiplication and division skills.

Thank you for your continued support.

The year 3 team

HOME LEARNING

Reading – Children should aim to read at home for 15-20mins daily. During one of your reading sessions at home this week, let the children pick out new words or words they don't know and find their meanings in a dictionary. Keep on quizzing!

Maths – Please have a go at the column method work on MyMaths.

Times tables – Please continue to practise the 3 times tables at home. Practise your division facts for the three times tables if you are secure with the multiplication facts.

Use <https://play.trockstars.com> to practice your speed.

Where possible we would love children to use the website and challenge themselves to improve their speed. Don't also forget about the 99 club 😊

Optional Extras – There is no requirement to complete these tasks, they are entirely optional.

Please see the information below about a geography competition. We would love as many people to enter as possible.

Please do not send in any paperwork- photos can be taken and sent in via DOJO or class email: 3b@brixington.devon.sch.uk 3r@brixington.devon.sch.uk

SUBJECT SPECIFIC VOCABULARY

These words will come up in our learning this week. Please have a conversation at home about these words.

array multiply divide share group

Limerick poem syllable

Spellings

The children should know these words inside-out, upside-down and back to front, in context!

library ordinary separate

NOTICES

Please make sure your child has a coat in school every day along with their PE kit.

Thank you.

PHYSICAL GEOGRAPHY PHOTOGRAPHY COMPETITION

Calling all budding **Brixington Geographers!**

This competition is to encourage our pupils to explore the land around them.

To take part, children should photograph an aspect of physical geography and explain it in a caption

Clouds forming over the Exe estuary

Sandbanks emerge at the river's mouth

Ask your parents to submit your photos, with name, caption and class, to 4k@Brixington.devon.sch.uk

The theme for this competition is
'Finding Physical Geography'
in your locality

All you need to do is snap a fantastic shot of an element of physical geography and send in your entries with a short caption.

All entries submitted by Monday June 7th

'Physical geography' means not made by humans.

First prize is a brand new atlas and global fame as the inaugural Brixington geography champion!
