

# Year 6 News

## Friday 29<sup>th</sup> November

This week we have been learning how to convert fractions and mixed numbers so that they have the same denominators in order to add and subtract. This has been quite a tricky skill to learn!

In English, we've been looking at using speech to show character and to move the story on. This prevents 'boring' conversations in our writing.

We are looking forward to completing our DT cooking project over the next few weeks. This event requires a lot of thoughtful organising for 66 children!

Keep up the hard work!

### HOME LEARNING

**Reading** – children should aim to read at home for 20-30 minutes every day. This is on top of any reading that they do at school. This can be either reading to an adult or reading independently for pleasure. You can quiz at home by going to this website: <https://global-zone61.renaissance-go.com/>

**Maths** – this week's maths homework is online at [www.lbq.org/task](http://www.lbq.org/task)  
The class codes are:  
6B – yr 8g vv ya  
6H – 5z 6v rt nv

**Times tables** – please spend an average of 5 minutes a day practising on TT rockstars: <https://play.ttrockstars.com>

**Spellings** - <https://www.spellingshed.com/en-gb/> Please login to Spelling Shed (login details are in their reading records). Check assignments and you will see that 5 games that you need to complete.

Please make sure homework is completed by Wednesday morning. There will be an opportunity on Thursday lunch time to complete activities at school if they have not been done at home.

### Basic 3D Shapes

### PE

Please make sure your PE kits are all present and correct:  
Blue T-shirt  
Blue Shorts  
Trainers  
Tracksuit bottoms and a sweatshirt/hoodie for cold weather.

### HOMEWORK

Although we do give the children an opportunity to complete homework in school on a Thursday, there are still a large proportion of children who aren't even attempting to complete their work at home. Please give them a gentle nudge to get their homework completed at home.
