Magical Mathematicians

This week we have come to the end of a sequence looking at the relationship between 2s, 4s and 8 times tables.

Now your children can use their knowledge of doubles to answer questions related to the 8 times tables...WOW!

We are very impressed with their endeavour.

Year 3 team

HOME LEARNING

Reading – Please continue to record the reading in the green reading record. Children should aim to read at home for **15-20mins daily** with an adult.

Maths – Please complete the work on My Maths. This week we are multiplication crazy, practise your 8 times tables and use the 2's and 4's to help you.

Times tables – Use Hit the Button to practise your 4 times tables. Remember, we have been working on the relationship between 2's, 4's and 8's. Use the facts that you know to help you.

Optional Extras – Can you explore creating shadows using different objects? See if you can adjust the distance to see what happens to the shape/size/length of the shadow. Maybe you could make a little shadow video and send it through to your class email or dojo! We would love to share these in class.

Please do not send in any paperwork- photos can be taken and sent in via DOJO or class email:
3w@brixington.devon.sch.uk 3r@brixington.devon.sch.uk

SUBJECT SPECIFIC VOCABULARY

These words will come up in our learning this week. Please have a conversation at home about these words.

scaling scale of ten

inverted commas

reporting clause

Spellings

The children should know these words **inside-out, upside-down and back to front, as well as in context!**

knowingly

How many words can you make from this one?

NOTICES

Please remember named PE kits should be in school every day, just in case. We have had a number of children without their kit or who have misplaced it.

Thank you
