Rocking out in Science

This week we made our own igneous, sedimentary and metamorphic rocks. We had great fun learning about how they are formed and then eating them – check out the website to see photos of us in action!

We have also explored right angles this week in many different ways. We made right angle checkers, we identified and drew right angles shapes and we even created our own shapes using shapes with right angles.

Thank you for your continued support
Year 3 team

HOME LEARNING

Reading – Please continue to **record** the reading in the green reading record. Children should aim to read at home for 15-20mins daily with an adult. The children are doing a fantastic job at quizzing!

Maths – Please complete the work on My Maths. This week there is just one task to complete. Let us know before Wednesday if you are having trouble accessing this.

Times tables – Use TT Rockstars to practise your times tables, maybe see if you and a friend can battle in the arena against each other!

Optional Extras – Use this website to find out more information about fossils linking to our history learning. You could create an information booklet about all the things you find:

<https://tinyurl.com/3RWfossils>

Please do not send in any paperwork- photos can be taken and sent in via DOJO or class email:

3w@brixington.devon.sch.uk

3r@brixington.devon.sch.uk

SUBJECT SPECIFIC VOCABULARY

These words will come up in our learning this week. Please have a conversation at home about these words.

traditional

pressure

consent

primary source

Spellings

The children should know these words inside-out, upside-down and back to front, as well as in context!

Unscramble the letters to reveal this week's spelling:

ylacluta

NOTICES

A reminder that our PE lessons in Year 3 are on a Wednesday and Thursday so kits must be in on those days please.
