

Trust and School Enrichment Offer

First Federation Trust Enrichment Offer

If a child spends their educational primary journey in one of our schools, they will have the opportunity to experience events outside of their time in the classroom. We believe in providing wider opportunities for the children in our care that complement their educational experiences.

During their time in school our children will have the opportunity to:

- Perform in a setting outside of the school building
- Participate in a musical performance
- Participate in an art exhibition
- Watch a musical/drama production performed by professionals
- Participate in a sporting event held outside of the school premises
- Perform in the local community to support an event or facility e.g. care home
- Learn a musical instrument
- Participate in inter-school sports events (FFT and local schools)

Each school will also have its individual offer that will be appropriate for the context and geography of the school. Schools will provide enrichment times where the children will have the opportunity to work outside of the usual classroom curriculum.

This information is detailed below.

Brixington Primary Academy offer:

Enrichment Opportunities During School Life

Brixington Primary Academy is a positive and joyful community where children are empowered to become good citizens, and the highest expectations challenge all learners to achieve their very best. In addition to the National Curriculum and the Early Years Framework, we proudly offer a bespoke **Brixington Enrichment Offer**. This is designed to provide every pupil with a diverse and inspiring programme of experiences that encourages them to be curious, reflective, co-operative and resilient learners – which are linked to our 4 learning behaviours.

These enrichment opportunities broaden our children's education and give them the chance to explore a wide range of new experiences. Our mission is that every child leaves Brixington with an intrinsic motivation to learn, a strong sense of self, and the desire to make a positive contribution to their community and beyond. Central to our ethos is a clear set of school values: *friendship, respect, honesty, endeavour, and sportsmanship*. These values

guide expectations, shape our school culture, and form the foundation of praise and reward. We believe they are essential qualities for developing responsible, thoughtful citizens.

At Brixington Primary Academy, we are committed to delivering a rich and inspiring education for every child. Through our Trust Enrichment Offer, alongside our school's tailored provision, all pupils benefit from a wide range of opportunities that nurture their talents, support their personal development, and broaden their horizons.

Children at Brixington Primary Academy will have the opportunity to:
