

Home Learning - Year 5

WC Monday 28th February 2022

Maths (for Tuesday, Wednesday, Thursday and Friday)

We are revising our arithmetic skills this week:

Addition www.bbc.co.uk/bitesize/topics/zy2mn39/articles/z3kmrwx

Subtraction www.bbc.co.uk/bitesize/topics/zy2mn39/articles/zr3ytrd

Multiplication www.youtube.com/watch?v=E4jrCeHs5cA

Division www.youtube.com/watch?v=8ntDTxe88oE

Use the PDF file worksheets on the website to practise using each of these methods.

English

Find a recipe book or an instruction manual at home. If you don't have either of these, have a look at the 'Card Games Instructions' from the website.

How do you know it is an instruction text? Write down all the features you can think of. Use the PowerPoint presentation to help you.

PE

This half term, we are orienteering - this means map-reading and following routes whilst using compasses and compass points. Have a look at the bird's-eye-view satellite image of Brixington Primary Academy from the website. What can you see? What does your house look like from above? Use Google Earth to explore your surroundings:

www.google.co.uk/intl/en_uk/earth/
