[Finding Percentages of Numbers - YouTube](#)

([www.youtube.com/watch?v=ephfJKrqRLs](http://www.youtube.com/watch?v=ephfJKrqRLs))

**Task 1:**

For each number, draw the bubble method to find the missing percentages:

| Easy | Medium | Hard |
|------|--------|------|
| 60   | 120    | 710  |
| 80   | 280    | 83   |
| 20   | 350    | 915  |
| 50   | 720    | 1001 |
| 16%  | 37%    | 94%  |

**Task 2:**

Now find the following percentages of your numbers:

**Task 3:**

Complete the varied fluency questions.

**Task 4:**

Complete the reasoning and problem solving questions.
