Please send a copy of today's work to the class email address

Today, the children are putting their conversion skills to the test. They will be calculating with metric units of measurement. Remember to start on easy if you are finding this topic tricky. You'll have to use your knowledge of mental and written methods of addition, subtraction, multiplication and division too so watch out!

Reading Lesson

Lesson two of 'I was a Rat' by Phillip Pullman. In this lesson, we will answer retrieval and inference questions on the opening chapter. Follow the link below:

[To answer questions on the text \(Part 1\) \(thenational.academy\)](#)

Science - Please send your posters to the class email address

For today's home learning science activity, have a go at completing the KWL sheet on the website. This sheet outlines what you KNOW, what you WOULD LIKE TO KNOW and at the end of the unit, will be where we write down what we have LEARNT. So you only need to complete the first two letters of KWL.

Then complete a 'Sources of Light' poster. See Mr Hubbard's Loom video and the instruction sheet for more detail:
