Task 1

Using your research sheet from yesterday, fill in the plan to help with your writing for the rest of the week.

There are different sections for you to fill in. The introduction, early life and then 3 extra paragraphs. These can be filled in however you want, but it needs to be in chronological order.

Remember:

- Write in bullet points
- Make the facts clear and concise
- Use correct spellings
- Include high level vocabulary (see below)
