From Mr Dyer...

We welcomed four researchers from the University of Exeter on Monday. Our Year 4 children engaged in research about children's attitudes to animals. This is a longitudinal study and they will be back to talk to the same groups of children next year, too. In assembly, our House Captains had the chance to interview the researchers all about their jobs and what it is like to go to university. We learned that anyone can go to university and that there are all sorts of things you can study there.

In assembly today, we celebrated children and classes who have attended school most often so far this term. The children were excited to learn about the prizes they can earn by contributing to high attendance for their class.
