From Mr Dyer...

What a brilliant trip the Years 3 and 4 children had to Lyme Regis this week! The children found a whole host of exciting geological specimens, including quite a few genuine fossils.

We have been learning about our Jurassic coastline and it's special place in history, as well as the famous local fossil-finder, Mary Anning. You can see the start of the Jurassic Coastline down at Exmouth beach and there is some information about it at Orcombe Point.

Our Mental Health Ambassadors have met with one of our Mealtime Assistants this week. They have lots of ideas to make parts of our playground more peaceful and calm for pupils who want time out away from the run-around games. We will also be adding badminton into our lunchtime schedule soon, after we practised a democratic vote in assembly to decide what new equipment to invest in.

On Wednesday morning this week, one of our parent rep's and two visiting headteachers from local First Federation schools helped me look closely at children's recent learning.

We talked to pupils from across the school and looked through their books. They absolutely loved sharing their learning with us, and our visitors we're impressed by the enthusiasm, positivity and happiness that the children showed.
