

FISH Breakfast & Afterschool Club @ Brixington

As your little ones begin to make the transition from pre school to primary school you may need to think about before or afterschool care for them while you work.

FISH at Brixington offers wraparound care open for all children attending Brixington Primary School.

Each evening various activities are on offer such as cookery, arts and crafts, sports, team games, dressing up and loads more and a snack is provided each evening to keep hungry tummies going until the family dinner at home!

FISH clubs are managed by experienced, qualified staff who receive ongoing training in various aspects of child supervision including safeguarding and first aid as well as being cleared with the DBS.

We keep ratios low and consistent and we accept children from 3-11 years and work on a 1:8 ratio.

Our opening times are from the end of the school day until 6pm and every morning from 7.30am, Mon – Fri. Why not come and chat to us to see what we are all about, we can arrange Zoom welcome calls for parents & children any evening from 3.45pm, bookable in advance so we can take time to show you around and discuss any requirements you may have.

Registering and booking sessions is easy and all done on our online booking system at www.fishkids.co.uk we can even except employer childcare vouchers, tax free childcare and you may even be able to claim some childcare costs back through WFTC

We look forward to seeing you soon!!

Sarah, Dan and all the team at FISH Brixington
